

VT600 EARPHONE, STRAIGHT CABLE

Discrete listening was never so comfortable.

The VT600 of Voice Technologies is designed for inconspicuous listening requirements of newscasters, security professionals, stage performers and other talent requiring discreet cueing.

Excellent sound and ease of use are the primary user benefits; there is no need for a custom ear mold or snap fit parts, one size effectively fits all. The VT600 is equipped with a short bend loop and will interface with any wireless or hardwired receiver for monitoring.

Colors: beige or black

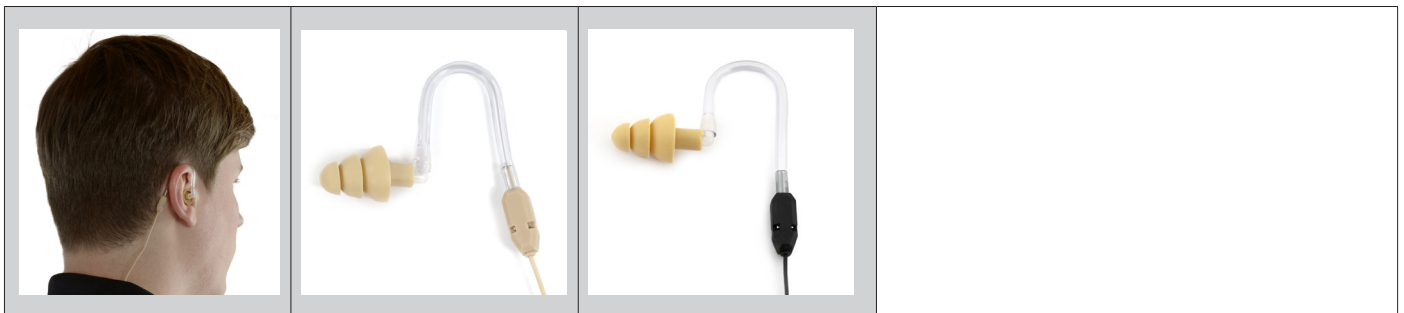

Application area: Newscaster - Security - Stage

The Voice Technologies VT600 comes in the stable, waterproof VTO Box with a clip and an additional earpiece. As an alternative to the standard earpiece a Flexible Ear Insert for left or right ear (Sizes: small/medium/large) is also available.
